CADPAK-64

FOR THE COMMODORE 64®

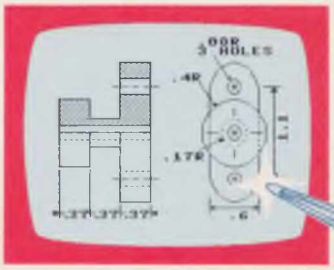
ENHANCED VERSION

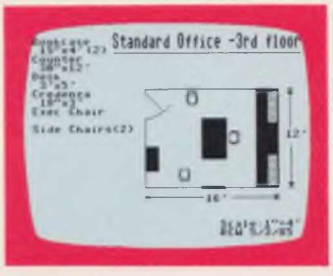
The full-featured design and drawing program



Design drawings, pictures, and graphics easily and accurately with CADPAK-64, the advanced design and drafting tool for Commodore computers. CADPAK's menu options make it easy to use for beginners. CADPAK-64 also boasts many sophisticated features for the advanced user. Draw on the screen at exact screen positions with the exclusive ***Accupoint*** cursor positioning. CADPAK's unique ***Dimensioning*** feature sends exact scaled output to most of the popular dot-matrix printers (listed below).

CADPAK-64 features:

- Two screens for flexible copy/ paste operations
- Draw using the keyboard, a high-quality lightpen (optional), or commodore 1351 mouse (optional)
- Predefined or user-defined fill patterns
- SAVE/ RECALL designs to and from diskette
- Library contains predefined objects, symbols, fonts– or create and add your own
- Mirror, rotate, and zoom functions



CADPAK-64 offers:

- Precision scaled output to most dot-matrix printers– objects retain exact proportions when printed
- Advanced labeling/ measuring features
- Sophisticated graphic functions for lines, boxes, ellipses, arcs, etc.
- Custom-created text fonts or graphic symbols (104 maximum)

CADPAK-64 works with the following popular printers: Commodore 1525, 1526, MPS 801, 802, 803, 1000, Epson MX, FX, Homewriter 10 and compatibles (Star Gemini SG-10, 10x, 10c, 15x, Panasonic KXP 1080), Siemens PT88/89, Prowriter 8510A, Prowriter 8510SC, Comrex CR-220, Okidata Microline, 120, and 180, Siekosha 1000, Seikosha SP-1000VC, Okimate-10/20 b/w and color.

Requires: Commodore 64 computer and 1541 or 1571 disk drive (1581 version available).

Commodore 64, Commodore 1541, 1571 and 1581 are trademarks or registered trademarks of Commodore Electronics, Ltd.
